IN CONCLUSION

The MAP Ministry as a whole will come along side to support you throughout the whole process of raising your support and entering the area of ministry that God has lead you: We will share ideas and materials with you that will greatly enhance your work among the Amish and former Amish people. By partnering up with the MAP Ministry you will immediately have the following areas of importance in place.

1. Ministry Staff

These are people who share the same calling and burden that you have. They know and understand the Amish culture and will be able to help you as you reach out with the message of hope and eternal life.

2. Advisory Board

The board members are made up of 10-15 men and women who meet a minimum of four times a year. Several men are full time pastors; some are from an Amish background; all have a heart for the ministry and are faithfully involved in their local church. They are all there to pray for you, encourage you, and give advice when needed. They are also their as accountability partners.

3. Treasurer

The MAP Treasurer has been trained and understands the ministry aspect of finances. There are certain rules and advantages that ministers of the gospel have been given by the government when it comes to taxes and social security. Because the MAP Ministry is a 501c3 ministry, all your individual and church donors receive a tax receipt.

4. Secretary

The MAP Secretary is available and has been trained to help you with paperwork and other parts of the ministry that may be too complicated for you to do on your own.
